CEBELIA

French Patented Derma - Aesthetic Skincare

Soothing Lotion

Indications

MEDICAL-AESTHETIC & DERMATOLOGICAL PROCEDURES

- Post hair transplant FUT or FUE
- Post microneedling
- Post PRP
- Scalp irritations (such as dandruff, psoriasis, eczema, seborrheic dermatitis)
- Itchy scalp

Suitable for all hair types
for both men and women

Instructions for use

HOW TO USE

- **Post graft:** Use immediately post hair transplant on both donor and grafted areas, then every hour for 48 hours. Then the patient can use it 3 to 4 times a day for 15 days or until complete recovery on dry or damp hair. Spray once evenly over the concerned area then gently massage in circular motions until complete penetration through scalp.
- **Post medical procedure & for home use:** Spray once evenly over the concerned area. Gently massage in circular motions until complete penetration through scalp. Leave on treatment for irritated and inflammatory hair scalp, use once a day or as often as necessary until complete soothing and healing.

COMBINATIONS

- Possible concomitant use of CEBELIA Soothing Lotion and CEBELIA Anti Hair Loss Lotion
